"The Hunter's Choice"

Thank you for your inquiry:

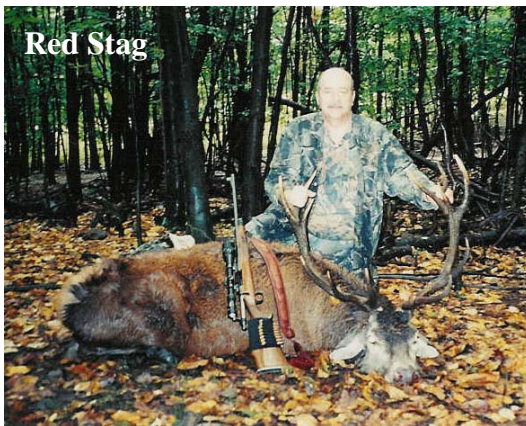

High Ridge Hunting Preserve is located in Somerset County, which offers some of the finest hunting, fishing, and ski resorts in the state of Pennsylvania. Our preserve is located in the hills above the small town of Hooversville. The terrain is densely covered with thick grapevines, thickets, small fields, and open timber. It offers something for everyone, especially those looking for a challenging hunt. We feel our hunting preserve is unmatched when it comes to hunting terrain.

We, as owners, will also be your guides. We do not believe in mass produced hunts and will not pressure you into shooting any animal below your standards. We stock just enough quality trophy animals for you to have a successful hunt. We treat each hunter with fairness and honesty. Our customers' satisfaction is our reputation and our goal. We want you to have an enjoyable, rewarding, and memorable hunt. When you leave our preserve, we want you to be completely satisfied.

Fred Kaminsky
Owner

We can provide lodging at our preserve for \$40.00 per person/per day, which includes breakfast and lunch, if you desire. Sleeping bags are recommended. We can accommodate up to seventeen hunters.
